25X1

The freight covering the shipment of the ten (10) blowers and motors delivered Washington, D. C., is as follows:

TEN (10) UNITS @ 10.00 . . . \$ 100.00

You will note from the above that we can furnish motors for the blowers for 50-60 cycle power supply, and therefore there will be no question regarding motors as mentioned in our quotation of 20 July 1961.

It is also understood that the Manometer as well as the Model #451 Indicating Pyrometer are to be furnished as specified. The omission of the Manometer and the change in the Pyrometer as referred to in our quotation of 20 July 1961 is to be disregarded.

We trust this is the data you require at this time. Please do not hesitate to advise if further information is required.

Very truly yours,
